

Daniel Teddy M. Llanda

Information Technology

Summary

I am a dedicated and responsible individual pursuing a course in Information Technology with a strong passion for technology and innovation. I thrive on learning new skills and taking on challenges, ensuring that I approach every task with accountability and enthusiasm. My expertise spans both frontend and backend web development, allowing me to create dynamic and functional applications. With a willingness to continuously grow and adapt, I aim to contribute effectively to projects while expanding my knowledge in the constantly advancing field of technology.
